Central Michigan Regional Rural Health Network Development Review

Who We Are and What We’ve Been Doing!
Questions from Health Network Development Programmatic Report

- Provide a story or two about how the Health Network participation had made a difference in:
  - The target populations you serve
  - Your organization
  - Your community

- In what ways has Health Network participation and partnerships impacted the community/communities you serve in terms of:
  - Increased access to health care and related services
  - Improved quality of care
  - Improved referral systems

- How has the past planning grant year (07/01/17 – 06/30/18) served as a catalyst for other network activities, additional partnerships, and/or programs within the communities you serve?
Health Network Composition
Members and Participating Organizations

- Health Departments - One Member and two participating organizations
- Health Systems - One Member and two participating organizations
- Critical Access Hospitals - Three Member organizations
- Hospitals - Four Member organizations
- Community Health Centers - Three Member organizations
- Health Clinic - One additional participating organization
- Behavioral/Mental Health Organizations - Two Member and one participating organization
- Oral Health Providers - One Member organization
Health Network Members and Participating Organizations

- Area Health Education Centers - Two Member organizations
- Universities - Four Member organizations
- Community Colleges - Two Member organizations
- Educational Organizations - Four Member organizations and two participating organizations
- School Districts - One participating organization
- Government Organizations - One participating organization
- Social Services Organizations - Seven Member and 14 participating organizations
Health Network Overview

Mission: Work collectively to improve the health of and promote wellness among the community members in the central Michigan region.

Vision: People living long healthy lives and maintaining healthy lifestyles and sense of wellbeing.

Health Network’s Purpose/Legislative Aim: *Strengthen the regional rural health care system as a whole by focusing on ways to enhance community and partner relationships to promote involvement and participation in Network planning activities*
Health Network Overview

Priority Areas for Health Improvement
