Central Michigan Regional Rural Health Network Development Planning

October 1, 2015
Acknowledgement

This presentation was prepared by the Central Michigan District Health Department (CMDHD) for the Central Michigan Regional Rural (CMRR) Health Network Development Planning project.

The project is supported by the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) under grant number P10RH28456 for Rural Health Network Development Planning for $98,864. This information and conclusions are those of CMDHD and should not be construed as the official position or policy of, nor should any endorsement be inferred by HRSA, HHS, or the U.S. Government.
Today’s Agenda

- Introductions
- Central Michigan Regional Rural Health Network Development Planning Project Overview
- Health Network Development Planning Project Updates
- Health Network Member Feedback
- Information Sharing - County Health Improvement Planning Workgroups
- Central Michigan Regional Community Calendar
- Health Professional Workforce Recruitment and Retention
- Central Michigan Regional Rural Health Network Member Spotlight
- Next Steps in Health Network Development Planning
- Comments and Questions
Introductions
Central Michigan Regional Rural Health Network Members

Central Michigan Regional Rural Health Network Members

Governmental and Non-Governmental Organizations (concluded)

- Region VII Area Agency On Aging (Region VII AAA)
- Roscommon County Transportation Authority (RCTA)
- Ten16 Recovery Network
Central Michigan Regional Rural Health Network Development Planning Project Overview
Central Michigan Regional Rural Health Network Development Planning Project Overview

Mission: Work collectively to improve the health of and promote wellness among the community members in the central Michigan region.

Primary goals based upon HRSA ORHP’s stated aims.

- Achieve efficiencies and improve regional health care services
- Develop a Central Michigan Region Rural Health Network operations and implementation plan to expand access to, coordinate, and improve the quality of essential health care services in the region’s rural communities
- Enhance community and network member relationships to promote involvement and participation in network planning activities to strengthen the rural health care system as a whole.
Central Michigan Regional Rural Health Network Development Planning Project Overview

Work Plan

- Determine what needs to be done
  - Assemble health indicator information
  - Complete a survey to help identify and prioritize needs/issues to be addressed
  - Determine priority areas and objectives (including measures)

- Determine who is going to do it and what is it going to take to do it.
  - Identify Health Network Members’ current resources/programs in relation to the objectives
Central Michigan Regional Rural Health Network Development Planning Project Overview

- Determine resources needed to fill gaps (by expanding current programs, implementing new programs, and including additional facilitating stakeholders) to achieve objectives
- Document objectives and strategies in a strategic implementation plan

Additional Requirements
- Foster collaborative/teaming agreements
- Develop the Health Network infrastructure so that it continues on as “a viable, functioning entity” (by focusing upon governance, public relations/communications, and sustainability)
Health Network Development Planning Project Updates
Health Network Development Planning Project Updates

- Governance Committee
- Central Michigan Regional Rural Health Network Community Health Survey
- New Health Resources and Services Administration Rural Health Network Development Planning Grant
- CivicHealth - http://civichealth.com/: Provides a web-based application to bridge clinical and non-clinical resources allowing for interoperability between various types of organizations.
